

Victory Fund

Many inquiries have been received regarding the disposition of the money donated towards the NAD Victory Fund.

A recent notice has reached us from Secretary-Treasurer B. B. Burnes, of the NAD, to the effect that they have finally found something suitable to present to our armed forces. The final action on this gift to our government is now in the hands of the NAD board for approval.

The total amount collected to date is \$7,771.68, of which Virginia has contributed \$586.69.
